

C. BIODIVERSITY + ABS — 10 ITEMS

29. Biological Diversity Act, 2002

India's principal biodiversity legislation at the time of its original enactment.

For your project, the important theme is **access to biological resources and benefit sharing**.

30. Biological Diversity Rules, 2004

Rules supporting implementation of the biodiversity framework.

31. Access and Benefit Sharing — ABS

The principle that access to biological resources and associated knowledge can involve benefit-sharing obligations.

Memorize:

ABS = Access → Use → Benefit Sharing

32. National Biodiversity Authority — NBA

Important Indian authority under the biodiversity framework.

33. State Biodiversity Boards

State-level biodiversity institutions.

34. Biodiversity Management Committees — BMCs

Local-level biodiversity governance mechanism.

35. People's Biodiversity Register — PBR

Documents biodiversity and associated local knowledge at the local level.

36. Biological Resource

A resource covered by the applicable biodiversity framework.

37. Benefit Sharing

Benefits arising from the use of biological resources/associated knowledge may need to be shared according to the applicable framework.

38. Biodiversity + IPR Interface

An innovation can simultaneously raise:

Patent question + biological-resource question + ABS question.

That is one of the strongest reasons for your project to exist.
