

E. FOOD / NUTRACEUTICAL SIDE — 7 ITEMS

49. Food Safety and Standards Act, 2006

Main Indian food-safety legislation.

50. FSSAI

Food Safety and Standards Authority of India.

51. Ayurveda Aahara Regulations, 2022

Specific regulatory framework for applicable Ayurveda Aahara products.

52. Ayurveda Aahara Definition

Certain foods prepared according to specified Ayurvedic recipes, ingredients or processes can fall under this framework. It explicitly excludes Ayurvedic drugs/proprietary Ayurvedic medicines and several other categories.

53. Food vs Medicine Classification

An Ayurvedic product should not automatically be treated as a medicine.

This is a **core IP-SAKTI feature**.

54. FSSAI Licensing

Applicable food businesses may require the relevant FSSAI licensing/registration pathway.

55. Food Labelling

Food products have applicable labelling requirements.

FSSAI currently continues to publish Ayurveda Aahara-related regulations and implementation orders, including material from 2025 and 2026.
